

**SPECIAL
WEATHER
STATION
OFFER.**

**DETAILS ON
BACK.**

**A STEP UP FOR
THE REVYLUTION
AGAINST DISEASE.**

**Veltyma DLX fungicide
provides broader, stronger
and longer protection.**

**Enjoy protection against key leaf diseases
and ear rots in corn.**

- Broad-spectrum management of both key leaf and ear diseases, including fusarium and gibberella ear rots
- Unique properties leading to better management of minor stress, better standability, increased growth efficiency and greener leaves¹
- Multiple modes of effective action for improved disease control and resistance management
- Reduces deoxynivalenol (DON) contamination to preserve grain quality

Veltyma® DLX
Revsol® Fungicide

BASF
We create chemistry

¹ All comparisons are to untreated unless otherwise stated.

Veltyma DLX is now part of this special offer.

For the 2023 season, qualify for the chance to receive a weather station to keep tabs on your local weather conditions so you can make the most of the season ahead.

Just purchase 160 acres of Veltyma® fungicide (2 cases), Veltyma DLX fungicide (8 cases) or a combination of the two to qualify.

No registration required.¹

¹ For full terms and conditions, visit [agsolutions.ca](https://www.agsolutions.ca).

PLOT A REVLUTION AGAINST DISEASE.
