

## 2025 INVIGOR HYBRID CANOLA SUPPORT PROGRAMS

At BASF, we recognize the unpredictable challenges every growing season can present. That's why we have programs in place to help you grow InVigor® hybrid canola with confidence.

### InVigor Commitment Program

You may be eligible for support if you observe flea beetle or cutworm damage in your InVigor hybrid canola. Depending on the seed treatment(s) and damage in your InVigor canola, this program entitles you to ONE foliar insecticide application for EITHER cutworms or flea beetles. The program does not provide flea beetle or cutworm support to InVigor seed treated with the base seed treatment (Helix® Vibrance®) purchased alone. See the table below for more details.

Supported pests and foliar insecticide products for each seed treatment option	Base Seed Treatment	
	+ BUTEO <sup>®</sup> start	+ Lumiderm <sup>™</sup> INSECTICIDE SEED TREATMENT
	<b>Flea Beetle Support</b> Growers are eligible for <b>\$6/acre</b> to support one application of the following insecticides:  	<b>Flea Beetle Support</b> Growers are eligible for <b>\$6/acre</b> to support one application of the following insecticide: 
	<b>Cutworm Support</b> Growers are <b>not</b> eligible for cutworm support.	<b>Cutworm Support</b> Growers are eligible for <b>\$6/acre</b> to support one application of the following insecticide:  <b>ALL</b> cutworm claims will be audited.

\*Support for Decis<sup>®</sup> insecticide is only available with seed treatments that include BUTEO<sup>®</sup> start for flea beetle pressure.

### To register a claim for all programs, a grower will be required to:

- Call **AgSolutions<sup>®</sup>** Customer Care at 1-877-371-BASF (2273)
- Have a Liberty<sup>®</sup> and Trait Agreement number (LTA), and have a valid BASF Privacy Consent (PIPEDA)
- Have planted InVigor hybrid canola
- Submit your own claim – Retailers cannot submit on your behalf
- Reseed and InVigor Commitment claims must be registered within **5 days** of reseeding or starting to spray, or June 20, 2025 – whichever comes first. Growers will be required to provide the estimated number of acres to be sprayed or reseeded. InVigor Ag Product Assurance claims must be registered by July 7, 2025

## InVigor Hybrid Canola Reseed Program

If your InVigor hybrid canola crop fails to establish due to early-season crop establishment issues and you reseed using InVigor again, you may be eligible for a \$500 rebate per reseeded bag. In order to qualify for the claim, you must register your claim within **5 days** of reseeding or prior to June 20th, 2025 (whichever comes first). The minimum claim is four bags. Retailers cannot submit a claim on behalf of the grower.<sup>1</sup>

<sup>1</sup> All claims are subject to the full terms and conditions.

## BASF InVigor Ag Product Assurance

We stand behind our brands – if you have any issues using a product, we want to know so we can work together to resolve them. Depending on the nature of the inquiry, **AgSolutions** Customer Care may be able to resolve your inquiry over the phone.

## Registering Your Claim for Support Programs

- The claim will not be created until the program product has been applied
- Once you've contacted BASF, we'll confirm a couple of key pieces of information to ensure you're registered
- Please review the full terms and conditions of the program prior to registering your claim
- Once your claim has been registered and we've addressed any final questions with respect to your claim, we'll contact you to confirm if you qualify in addition to securing your agreement to participate within the terms and conditions outlined
- All claims are subject to the full terms and conditions for the 2025 InVigor Commitment Program and the 2025 InVigor Hybrid Canola Reseed Program

## Payment Process for Support Programs

Once a claim has been determined to qualify for the program, BASF will provide payment alongside the 2025 Ag Rewards Program provided that all other terms and conditions have been fulfilled
