

A huge innovation for large farms.

Introducing the 864L Liberty Tote.

At twice the size of the 432L tote, the 864L totes of Liberty® 150 herbicide will help increase sprayer filling efficiency while being environmentally sustainable. They have a 5-year lifespan, supporting BASF's goal of reducing single-use plastic waste.

SKU Specifications:

- Footprint = 48" L x 40" W x 54" H
- Weight @ 864L fill = 1,044 Kg
- Faster filling – 2" cam lock
- Stack up to 2 high in warehouses & 1 high while in shipment

Reusable Packaging:

- Returnable with a \$500 per unit deposit

Safe handling recommendations:

- Always use proper equipment when moving the tote (i.e. forklift suitable for 1,000+ Kg tote weight)
- Never walk under a tote being lifted by a forklift
- Do not stack totes over 2 high
- Do not use straps or chains to drag the container
- Do not remove the attached plastic pallet
- Exercise caution when utilizing a forklift near tote valve
